PERSONALIZED CARE PLANS - SUPPORTING PERSONS - SUPPORTING THE CAREGIVER - SUPPORTING THE COMMUNITY
HOW TO ENGAGE THE PERSON WITH DEMENTIA IN THEIR OWN LIFE
PERSONALIZED CARE PLANS - SUPPORTING PERSONS - SUPPORTING THE CAREGIVER - SUPPORTING THE COMMUNITY

DementiaAbility: Our Mission & Focus

The mission of DementiaAbility Enterprises Inc. is to change the face of dementia. Through multi-disciplinary, person-centred, non-pharmacological education and resources, we aim to equip providers of dementia care with tools and strategies that will expose abilities, enrich lives and add meaning, purpose and joy to each day.

Our goal is to help providers of care to understand the connection between brain and behaviour, with the objective of teaching carers to connect what they know to what they see. We aim to expose the hidden potential of each individual using DementiaAbility's "WOW" model. When providers of care understand behaviour they are better equipped to address individual needs and know "What to do". The focus is on the person, rather than a task-based "one-size-fits-all" recipe of support and care. Our resources provide the tools that can be used to achieve this goal.

We aim to help providers of care find the person behind the dementia, expose abilities and put life back into living!

Who Benefits?

1. The person with dementia.
2. The person providing support (including staff, volunteers & family).
3. The organization.

Who should attend our workshops? Everyone connected to dementia care, including:

- Recreationists/Activation
- Nurses
- Social Workers
- Administrators
- Volunteers
- Family
- Educators
- Students
- OTs/PTs
- Physicians

DementiAbility Resources

The DementiAbility Methods: The Montessori Way

The DementiAbility Methods textbook is a "must-have" for everyone in dementia care.

The "Work It" Series

Activity books for people with dementia (including word searches, spelling, trivia and math sheets).

Checklist for Change

A guide created to facilitate a change in culture in long-term care using the DementiAbility Methods.

"Carry on Reading" Series

Over 30 titles have been created especially for people living with dementia. Also available as an audio/visual app for tablets.

Caregiving Solutions & Insights

The ultimate guide for creating "aha" moments in dementia care.

"Let's Chat" Series

These books are filled with questions that seek opinions, stimulate memories and help people of all ages to engage in conversation.

The Best Guess App and other online resources

Best Guess is an iPad app with trivia questions designed for people living with memory loss. Check out our many resources, including free downloads, at www.dementiability.com.

Memory Aids for Dementia

This book provides a wide variety of memory supports, including pictures and words (in 4 different languages).
